What you can expect from your EC x FutureLearn programme

Diverse course offerings

FutureLearn partners with leading universities provide courses across various disciplines, including science, technology, arts, business, and health, catering to different interests and career aspirations.

High-quality partnerships

The platform collaborates with top universities and organisations worldwide, ensuring you can access quality education and insights from leading experts.

Social learning approach

FutureLearn emphasises interactive learning, encouraging you to engage in discussions and share insights with peers from around the globe, enriching the learning experience.

Flexible learning options

Courses are designed for flexibility, so you can study at your own pace and schedule. This is ideal if you are looking to balance education with other commitments.

Personal support

EC provides the learning and support you need to be accountable for your own learning. Your instructors will be there to guide you, provide feedback and help you

track toward your goals.

A FutureLearn certificate

When you successfully complete the course, you will receive a certificate. There are two types of completion requirements: Some courses ask to mark at least 90% of steps as complete, and some ask to mark at least 90% of steps as complete and have an overall course score of at least 70%.
